

Luther Park Community

Embracing the aging experience with Christian compassion.

The Lindens

Assisted Living with Memory Care

The Lindens is a unique community for residents with mild to moderate memory loss and dementia. We will find a floor plan that meets your needs: lofts, one-bedroom, one-bedroom with den, one-bedroom stretch, and two-bedrooms. Additionally, three meals a day are served in our dining room. Living at The Lindens with your spouse is as close to home as you can be.

In the early stages of memory loss, it is important to be in comfortable surroundings that create a home-like atmosphere. Residents receive physical, spiritual, and emotional care without leaving the community. At Luther Park Community, you'll find spacious, safe, and secured apartments within The Lindens.

Amenities include: medication management; personal laundry; prompting, cuing, re-direction and/or problem solving; routine "I'm okay" monitoring checks; and bathing, dressing, grooming, toileting, & mobility assistance are also available.

Residents living at The Lindens are given admission preference to Trinity Center.
